Ramirez, J. and Jimenez, W.
             Increased expression of the renin-angiotensin system and mast cell
  TITLE
             density but not of angiotensin-converting enzyme II in late stages
             of human heart failure
            J. Heart Lung Transplant. 25 (9), 1117-1125 (2006)
  JOURNAL
   PUBMED 16962475
  REMARK
            GeneRIF: Both ANP and BNP expression were higher in heart failure
             than in control samples.
REFERENCE
            5 (residues 1 to 151)
  AUTHORS
            Rubattu, S., Bigatti, G., Evangelista, A., Lanzani, C., Stanzione, R.,
             Zagato, L., Manunta, P., Marchitti, S., Venturelli, V., Bianchi, G.,
            Volpe, M. and Stella, P.
            Association of atrial natriuretic peptide and type a natriuretic
  TITLE
            peptide receptor gene polymorphisms with left ventricular mass in
            human essential hypertension
            J. Am. Coll. Cardiol. 48 (3), 499-505 (2006)
  JOURNAL
   PUBMED
            16875975
  REMARK
            GeneRIF: ANP/NPRA system significantly contributes to ventricular
            remodeling in human essential hypertension.
